A TECHNOLOGICAL HIGH SCHOOL THAT
RECOMMENDS RECONDITIONING DISCARDED
FURNITURE

STUDENTS WHO BELIEVE THAT EVERY
PIECE OF FURNITURE IS WORTH SAVING
AND BE PUT TO GOOD USE

Now that our school's library hosts
more and more captivating
activities for students, the place is
always crowded! Discussions,
reading club, performances,
crafting, watching films - so many
things to do, so few chairs... or
maybe not? To match the
charming air of the welcoming
room, we would rather preserve
the character of our old furniture.
